

George Nii Tackie

Email: tackie.george89@gmail.com | Phone: +1 (518)466-9553 | Entry Level Software Engineer | C# | ASP.NET

Education

University at Albany, State University of New York

Albany, NY

Bachelor of Science in Computer Science

August 2017 – December 2021

Educational Experience

Open-Source Library Visual Application Project

January 2021 – May 2021

Role: *Scrum Development Team Member*

- Schedule and coordinate meetings, brainstormed ideas with scrum master, managed assigning tasks to 2 other partners.
- Wrote and debugged code in C# .NET Framework, handling implementing the GUI, certain shape functionalities, and export function. Worked in Visual Studio 2019
- Used techniques such as LINQ, text file connections, and SkiaSharp graphics system API (Application Programming Interface) to design the application.
- Managed source code using Git command line/ GitHub and distributed code to other collaborators
- Wrote API Documentation regarding the code written for the GUI, shape implementation, and user guide.

Itiner-Buddy-Bot: Discord Meeting Scheduling Bot Project

January 2021 – May 2021

Role: *Scrum Development Team member / Product Tester*

- Created a discord meeting bot to help schedule meetings and set reminders for those in large groups.
- Within a team of 4, bot locally ran on our computers to be used by others. Worked in Visual Studio Code.
- Helped brainstorm ideas for bot utilities within scrum meetings, personal task to test bot and program reminder settings.
- Wrote and debugged code in python, utilized SQLite to manage database of discord users track their meeting datetimes.
- Helped with reviewing and editing code given by my collaborators to refactor and update methods.

Software Implementation of Computer Hardware

January 2021 – May 2021

Personal Projects

January 2022

Role: *Scrum Master*

- Participated in Annual Global Game Jam, wrote story-based game using Ren'Py, performed tasks as Scrum master by ordering art and music for story from other collaborators.

April 2022 – May 2022

- Created my first website showcasing my portfolio. Used C# ASP.NET, HTML, CSS, Bootstrap, Git, and Visual Studio 2022

Skills/Interests

- C#, ASP.NET Core, .NET, Entity Framework, MYSQL, MS Azure, Git, Linux Ubuntu, Java, Python, HTML, CSS
- Unity (Game Dev), Music Production (Electric Guitar and Bass), Dance
